

RESTORE SANITY with Sendio Opt-inbox™

How does Sendio Opt-Inbox™ keep your inbox clean?

Let's learn by looking at what happens when you're sent an email.

View the emails in your Queue any time and receive a daily email listing the messages that went to your Queue yesterday.

Choose to allow specific messages into your Queue, or add an automated sender to your email community so you always receive emails it sends.

To get a free trial of Sendio Opt-Inbox™, visit [Sendio.com](https://sendio.com).

About Sendio: Sendio provides email continuity, security, and productivity solutions to help your use of email add value to your organization. To learn how Sendio can help your business achieve greater email efficiency, call (877) 363-2772 or visit us at sendio.com.
